

Category: Vacuum machine
Manufacturer: Multivac
Type: A200
Year Built: 2002
Version: Single chamber

Vacuum welding machine stainless steel

Cover: aluminum with crystal glass

High-performance vacuum pump: Busch 21 m³ / h

Condition: very good

Dimensions: approx. Width 560 mm depth 520 mm

Height (cover open) 650 mm Height (cover closed) 275 mm

Weight: approx. 70 kg

Usable chamber size: approx. Width 465 mm Depth 360 mm

Chamber height: approx. 150 mm

Overall length: 465 mm

Sealing system: double seam sealing Achievable final pressure: approx. 3 mbar Packing capacity: approx. 2-3 cycles / min, depending on the set pressure
